MARAFLUID® SUPER HT Multipurpose Tractor Hydraulic and Transmission Fluid

PRODUCT CODE

577

FEATURES

One Product for Many Applications: Designed to meet the special requirements of farm tractors and construction equipment.

Multi-Grade: All-weather viscosity for year-round use.

Thermal Stability: Better performance under high oil temperatures.

Superior Gear Wear Protection

Brake Chatter Control

No Transmission “Squawk”

Controlled Seal-Swelling Characteristics

TYPICAL PROPERTIES	
Gravity, °API	29.5
Viscosity, cSt@40°C	60
cSt@100°C	9.5
Viscosity Index	140
Pour Point, °C	-35
Zinc, % Wt	0.12

APPLICATIONS

Transmission, differential, final drive and hydraulic systems of certain construction and farm equipment including **John Deere**, **International**, **Ford**, **Oliver**, **Massey-Ferguson** and **others** where the manufacturer recommends the following products:

J.I. Case: Powergard PTF Fluid JIC145/MS1210 (TCH), MS1207, MS1206, MS1205, MS1204/JIC185, JIC144, JIC143

Caterpillar: TO-2, MTO

Deutz-Allis: Power Fluid 821XL

John Deere: Hy Gard J20A/C, J15B (303)

Ford: M2C134-D, M2C86-C, M2C53-A, M2C48-B, M2C41-B.

International Harvester: Hy Tran B-6

Kubota: UDT Fluid

Massey-Ferguson: M-1110, M-1127A/B, M-1129A (Permatran), M-1135, M-1141 (Permatran III), M-1143

Renk: Bus Automatic Transmission Fluid

Steiger: Hydraulic/Transmission Fluid

Sunstrand: Hydrostatic Transmission Fluid

Versatile: Gear and Hydraulic Transmission Fluid

White Farm: Q-1705, Q-1722, Q-1766, Q-1826, Type 55
